

## *In Celebration of our Wedding*

With thought and consideration, we have chosen a unique way to celebrate our special day and invite our loved ones to take part. In lieu of gifts, we ask that instead you make a donation to Thai charity Phuket Has Been Good To Us.

The charity is responsible for the English language education of 1000 Thai children at 3 schools in Phuket. These donations are a way of giving back and making a difference to the lives of Thai children on our special day.

Visit the website or scan the code for more information on all the charities' activities and donation details.

*Thank you for your support and  
generosity on our special day.*
